## Product Feature

Ultra-light weight Face Shield glasses  
YF-800L

### Comfortable even long time use "Ultra-light weight"

The YAMAMOTO Face Shield Glasses is only 26g. Even if you wear it for a long time, it doesn't leave a mark on your face and the foundation nor facial sebum does not remain on it.

Performance Video

### Protect entire face "Face Shield glasses"

Protects the face from droplets of blood, body fluids, etc.

### It can be worn over the top of the glasses "Over the glasses"

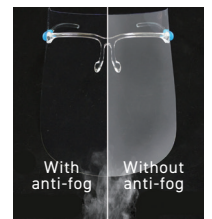

You can wear without any sense of discomfort, either with the glasses or without glasses.

### Anti-fog treatment "Shield Lens"

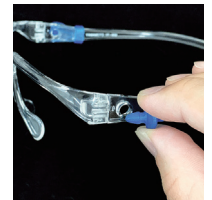

The lens does not fog up even when wearing a face mask. The inner anti-fog shield lens provides both "Clear vision" and "Improved work efficiency".

### Easy replacement and hygienic with a disposable shield

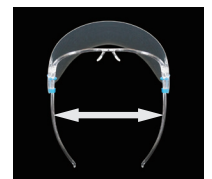

The frame can be used continuously and the shield\* can be easily replaced with a one-touch operation. \*Spare lenses are sold separately.

### "Flexible frame" for all face shapes

The flexible frame is enough to fit a wide range of face shape such as from women to men.
